The New Haven Y. M. C. A. vol-ieyball team, state champions of last year, easily won the volleyball in-tercity meeting between New London, New Haven and Norwich at the local gym on Wednesday evening. The New Haven team took three straight games from the New London team and ther took three straight from the Norwich team giving them first place. The real team giving them first place. The real tessile of the evening was between the Norwich and New London teams and went four games to decide the winner, New London taking three out of five

The first match of the evening was between Norwich and New London. The first game resulted in a New London victory 15 to 11 and was hotly contested. The second game went to Norwith by a score of 15 to 12. The third game was another New London victory, the Whalers winning by a score of 15 to 5. The fourth game was the feature game of the evening both teams fighting on an even basis unlast game was 15 to 14 in favor of

ew London.

The New Haven team took the floor heainst the New London team and so far outclassed the Whalers that the match was over in a short time, the Elm City team capturing three straight games by the scores of 15 to 11, 15 to 8 and 15 to 3. The playing of the New Haven boys was a pleasure to watch and their team work was becision to Castle. Some of the fans wildering to their opponents.

After New Haven had polished off

the Whalers the Norwich boys were after the fight that they considered the next victims. The Norwich team proved to be even more helpless before the onslaught of New Haven than did New London. In the first game Norwich managed to score one point while the New Haveners piled up their necessary 15 to win the game. In the second game Norwich showed some little improvement and scored 4 points. They also scored 4 points in the final game. Considering that the Norwich boys having been playing volleyball less than a month their showing against the state champions does not reflect any discredit on the local boys. With more practice the Norwich team should be able to put up a good game against the New Haveners when they

meet again.

## LOCAL ATHLETIC CLUB TO PUT ON BOXING BOUTS HERE NEXT WEEK

The National A. C. of Norwich has taken out a permit to conduct boxing exhibitions in this city and the first show to be put on by this club will be on Friday, Dec. 16th. Jackie Wilson is at the head of the club and will act as match-maker and he has already signed up what is apparently the best card seen in this section of

the state in many years.

Jackie will put on his shows at
Olympic Hall and has already started on getting his ring into condition for the opening night. All bouts are to be under the direction of the State Boxing commission and the local commission which was recently appointed by Mayor Waters. Norwich has been without boxing for over a year and

For the semi-final Martin Flaher-ty, a local favorite, will meet a boy of his class. Flaherty's opponent has not yet been picked but the public can rest assured that it will be some one that will give Flaherty a good go The preliminary will give a local boy. Frank Busch, a chance to show his friends what he can do. Busch has been in New York during the past few months and has been in the stable with Pancho Villa. Busch is a heavy boy and a suitable opponent will be picked for him to try out on. This card should get the local club off to a good start and revive the

boxing game in Norwich. In years past boxing has been conducted along haphazard lines and local people would not give the game any patronage so that it soon died out. Jackie Wilson is one of the snappiest little boxing promoters this side of the Hudson and when Jackie says its going to be a real show it surely will be and then

HORSE-SHOE PITCHERS SOON TO FLOCK TO THE SOUTH

(Special to The Bulletin) St. Petersburg, Fla., Dec. 5-With football tucked away in the closet for another year and the fight game laying dormant for the want of new blood, sport fans are due to be fed up on "barnyard golf" the good old game of horse-shoe pitching which has America in it's grip as an interesting fad for young and old. Here the nation's best in the art of "slipper slamming" will be entertained late in February when the fifth annual mid-winter tournament for the United States championship will be held.

All the king bees in the horse-shoe pitching world are preparing to trek southwards for the tourney while sev-eral of the mort ardent of devotees are already on the ground limbering up for the contest which will bring leaders at the finish, bags of gold. A prize list of \$5,000 in addition to medals, cups and other trophies will be hung up.

Frank Ludin of New London, Ia present national title holder has already entered the February meet along with several other ex-national champions including Charley Davis of Kansas City, Mo., Fred M. Brust, Co-lumbus, O., Frank J. Jackson of Kellerton, Ia., George Mays of Akron, O., and Charley Bobbitt of Lancaster, O. Other stars include the names of C. Spencer, Oklahoma state champion C. A. Glant of Pittsburgh, Pa., G. E. Snyder of Albion, N. Y., Har-ry J. Bourne of Atlantic City; Vic Grady of Maroa, Ill., and others.

There are 84 horse shoe p lanes in the "Surishine City" pitching now available for the would-be champs to practice upon, 48 of which are locat-ed in "Barnyard Golf" Park situated on the Tampa Bay waterfront. The national meet will be conducted un-der the auspices of the National As-sociation of Horse Shoe Pitchers and held in the St. Petersburg baseball park where seating facilities will be provided for 10,000 spectators.

In former winters, the unusual sport event was held in Williams Park where only a very small percentage of fans could witness the progress o the tournament.

The annual horse shoe mills held an-

nually here have become a St. Peters-burg institution attracting players and followers of the old fakhioned game from all sections of the country and creating considerable comment. The game appears very easy to conquer but the beginner finds extreme diffi-culty in making the equestrian footwear behave and rarely lands anywhere near the stake to count.

FOOTBALL OFFICIALS TO

ORGANIZE SOON One of the most important moves in the quest of the ideal condition in cootball will be made soon by what may be termed an influence from the outside. Some time this month offi-cials from all parts of the East will gather in New York and form an association which will take in every man who has the approval of the central board. This organization will set out to make radical changes in notions of sportsmanship which exist at certain colleges. The chief weaoon will be the boycott.

Colleges which are guilty of failing.

to uphold the decisions of officials— colleges which expect referees and umpires to be "homers" and favor the home eleven—colleges which bar of-ficials because of decisions against their teams-these will find that they cannot obtain the services of approv-ed men. This freeze out system is expected to do away with certain evils which in recent seasons have grown so serious that E. K. Hall, chairman of the rules committee, was called on to make them the chief topics of his 1921 report to the National Collegiate Athletic Association. Hall's warning did some good this fall, but there still were quite a few

fall, but there still were quite a few colleges which expected some of the officials to do their bidding regardless of rules and justice. It is a sad fact, but such institutions remain in this enlightened age, Officials have been warned that "poor" work would result in their not being asked back to officiate again by that college.

One football coach did not like the way in which an official worked and way in which an official worked and asked him to resign from the assign-

ment for a later contest. The official declined. When the association is formed this coach will find that z repetition of that bad break will bring the boycott on his team and mark out

his college as a sporting swamp.

The officials do not like to discuss their grievance for publication. If they would they could tell some interesting stories. They are tired of bickering with unreasonable college authorities and are determined to do their work without review by any of the teams involved and threats of reprisals. These reprisals of course would be financial ones. The referees, umpires, line-men and field judges feel that their good intentions and honesty should not be questioned by anybody. There-

## The New Cadillac Victoria

THE new Cadillac Victoria, we believe, embodies refinements which will induce even wider and warmer favor for this popular Cadillac model.

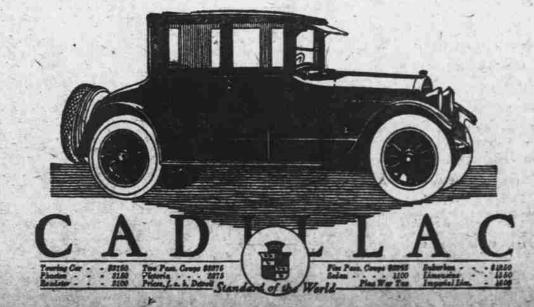

A well-considered change in dimensions causes the car to appear lower and longer and greatly accentuates the atmosphere of distinction ways associated with the Victoria.

The enlarged interior, with the driver's seat placed directly behind the steering wheel, and all seats lengthened, provides increased spaciousness and comfort for four passengers.

The new model Victoria shares the advanced engineering and careful craftsmanship of Type 61, admittedly the greatest Cadillac ever produced.
